Berne and Beyond: Understanding International Conventions Relating to Copyright Law

As English continues to be the international medium of communication, and the US entertainment industry plays a major role worldwide, it is important for US practitioners to understand how U.S. copyrights and related rights are protected internationally. This presentation will explain the basic principles of the international conventions relating to copyright law and issues that U.S. practitioners should consider when seeking to enforce copyrights in other jurisdictions.

Sponsored by the Intellectual Property Law Section of the State Bar of Georgia, the Southeast Chapter of the Copyright Society and ICLE.

Speaker:

Prof. Dr. Axel Nordemann
Boehmert & Boehmert
Berlin, Germany
